[Intro]

Yo, for the 29th year in my life it's summer again  
Summer 2'8  
Eski Boy, yo  
Eski Boy  
Summertime breeze  
Summertime jumps  
GO!

Summertime's life  
the weather's got me on a summertime vibe  
It's like green summer days summer nights  
And yeh they are treating me right,  
I look left and right  
High street comes to life  
Couple of honeys and they're looking alright  
I fast approach em  
Let em know that it's nice to know them  
And of course i got an internt modem  
myspace, facebook take a look,  
leave a comment on my page, got new beats to show  
you

New life new team now rolling  
Chris believes in the part where I'm strolling  
I scream round on a 12 hour shift  
I bet when he reaches home, it's paper that he's folding  
And my flow's golden  
So in the part can't you see i was chosen  
Ooooh! Go!

(It's My Time)

It's my time  
And i'm ready to go, put on my shoes and get on with  
the show  
Let's go!  
It's my time  
And i'm ready to go. put on my shoes and get on with  
the show

Summertime ladies, babies father gone A.W.O.L  
Might see baby grow with summertime babies  
See my name in the Summertime Daily  
I used to be on the summertime crazy  
Now i let my chill dance till my summertimes leaves me  
Even then i know summertime reads me  
Was a holiday now summertime plays me

(It's My Time)

It's my time  
And i'm ready to go, put on my shoes and get on with  
the show  
Let's go!  
It's my time  
And i'm ready to go. put on my shoes and get on with  
the show

Don't you just love life in the summertime  
Got dress sense and the summertime knows  
I got a summertime pose  
There he goes new summertime pose  
Got the crowd going mad at the summertime shows  
Y'all checkin out my summertime flows  
Some don't know what the summertime holds  
Got two power backs and a summertime roll  
I know..  
It's summertime fever, working hard getting  
summertime beavers  
Market day the fruit on the tree's so ripe  
Except one she looks like the leader  
Step back took a look tryna read her  
And she also has got summertime fever  
Made a room got through she was looking too good  
So good that's why i couldn't leave her

(It's My Time)

It's my time  
And i'm ready to go, put on my shoes and get on with  
the show  
Let's go!  
It's my time  
And i'm ready to go. put on my shoes and get on with  
the show  
It's My Time  
And i'm ready to go, put on my shoes and get on with  
the show  
Let's go!  
It's my time  
And i'm ready to go. put on my shoes and get on with

the show
