

A Wilhelm Scream "Send Off"

I tried to wait on the outside. I'll wait on the outside.
One more chance to give me (the choking starts in on
me) your affection and your pity. My actions leave me
lonely. My argument's convincing (a song of love and
glory) I leave you all without me. I know you wish you
did, but just forget it. Sing words like singing prayers. I
won't forget that. Watching, watching but it's way too
far home. You and I could get up. You and I could get
out. Take me home. You and I could get up. You and I
could get out.
