Everyday all of my dreams come true  
Why?  
Cause I dream small

Everyday all of my dreams come true  
Why?  
Because I dream small

Everyday all of my dreams come true  
Why?  
Because I dream small

Everyday all of my dreams come true  
Why?

I saw you today  
Dream come true  
You looked at me in that special way  
Another dream come true  
See it's so easy to do  
It's so easy to be into you  
Sometimes when were around each other we act  
awkward  
Is it cause your not used to talking to nerds?  
I know I'm usually only walking with words  
But were talking everyday  
You know I'm jocking you  
Word  
Before you react with amazement  
Just pack it and blaze it  
Couple of green teas  
Couple of chairs  
A double of green weed  
A couple of stares  
Crush a little bit of hash on their too  
For that little crush I got on you  
I wanna be on you  
Like Ron Burgundy  
Yellow hairs green purple and burgundy  
On the inside though don't change a thing  
I know that being with me might be a strange thing

Maybe its  
Something In the air  
When you picked up that flower by the trashcan  
And put it in your hair  
Yeah that was it right there  
Stop acting like you don't wanna see me  
You swear  
I don't wanna lock you down be in control  
I just wanna walk around the park  
Hit a bowl  
Catch a make out session  
And then break out  
Wondering if my breath was fresh when our lips locked  
I got a new stereo in my bucket rocks some hip hop  
Put my hands on your hips  
Feel your hips rock feel your hips rock  
Uhh or maybe  
Not were both so ghetto  
Lets take it slow so that their be no pressure  
Let go to the store and get a swisher  
You look cute with that sweatshirt  
Or rugged t-shirt  
Just play it cool and none of us will be hurt  
I'll pull up to your house  
Will blow a bag it's so high  
I wont know how to act I'm not tripping  
I'll see you tomorrow in fact  
I'm a roll home knowing that

Everyday all of my dreams come true  
Why?  
Cause I dream small

Everyday all of my dreams come true  
Why?  
Because I dream small

Everyday all of my dreams come true  
Why?  
Because I dream small

Everyday all of my dreams come true  
Why?  
Because I dream small
