We're on the outside,
And we're all making fun of you.
You're on the inside,
Looking through your shit. (?)
_____, it's not your fault.
_____ just about anything.

There's no coorelation between our aggravations.(3
times)
There's no coorelation and the worst is yet to come.

Don't wake me up.

You're always wrong and I'm always right.
Trying so hard to make the same thing twice.
You're always wrong and I'm always right.

There's no coorelation between our aggravations. (3
times)
There's no coorelation and the worst is yet to come.
