Have you ever been in love with a woman, like I am in  
love today  
Have you ever been in love with a woman, like I am in  
love today  
I wonder to myself, why she broke my heart this way

Oh baby, I know you don't understand  
Oh baby, oh baby, I know you don't understand  
It's so tough, that you drive a man insane

The woman I'm talkin' about, she's specially built  
A heavied hipted woman, her shoulders are full filled  
She got knee action body, hydraulic hips  
Air conditioned stomach makes her, back bone slip  
Have you ever been in love, like I am in love today  
I'm cryin' and beggin' the little girl, why she treat me  
this a way

Said she would meet me, a quarter to nine  
Better believe it dear 'cause, wasn't on time but  
Have you been in love, like I'm in love today  
She broke my heart, I wonder why she treat me this a  
way
