This old life, I just can't stand to live it no more  
This old life, I just can't stand to live it no more  
Baby, you got to help me get myself straightened up  
right now, if you don't lam gon' have to go

I'm asking you, baby, please help me just once more  
Asking you, baby; I'm asking you please help me once  
more  
Because I'm gonna get myself straightened all out  
right now, so I won't go wrong no more

Help me, baby, help me, darling, just once more  
If you help me get myself straightened out this time, I  
won't go wrong no more

I done you wrong and I'm asking you to forgive  
Darling, I done you wrong, and I'm asking you to  
forgive  
If you just help me get myself straightened out this  
time, darling, I know just how you feel  
Please help me, darling
