[Dizzee Rascal - Talking]

Yo, MC's better start chattin about what's really
happening
Because if you ain't chatting about what's happening
Where you living, what you talking about
Cause you know and I know it's gonna be a hot summer
And you know what it's gonna be an even hotter winter
And I ain't even talking about the whether
Dizzee Rascal, uh

[Verse - 1]

Looks like I'm losing friends there's a lot of hostility in
my endz
We used to argue always make enemy friends
Now we settle disagreements with the skenz
Looks like I'm losing mates there's a lot hostility near
my gates
We used to fight with kids from other estates
Nine eight millimetres settle debates
Looks like I'm losing site cause I'm looking at the future
it ain't bright
So I look out my window and pray every night
I thank God for my friends but they ain't tight
Looks like I'm losing hope cause I climb this mountain
without rope
But I know I'm the captain of my boat so I steadily sail
and hope not to float

[Chorus]

But it's a brand new day, new opportunities what can I
say
I plan to make my pay but put some away for a off key
day
But it's a brand new day, new opportunities what can I
say
I plan to make my pay but put some away for a off key
day
Demand collect, cash up front and direct
Pay money pay respect don't insult my intellect
Demand collect, cash up front and direct
Pay money pay respect don't insult my intellect

[Verse - 2]

When we ain't kids no more will it still be about what it
is right now

Like fighting for anything anytime and acting without a
care and where

And when we ain't kids no more will it still be about
what it is right now

Like bank scams, street robbery, shotters plotters or
H.M.P

And when we ain't kids no more will it still be about
what it is right now

Pregnant girls who think they love useless mans with no
plans

And when we ain't kids no more will it still be about
what it is right now

Cause negative signs just keep showing up
Some of us beter just start growing up

[Chorus]

But it's a brand new day, new opportunities what can I
say

I plan to make my pay but put some away for a off key
day

But it's a brand new day, new opportunities what can I
say

I plan to make my pay but put some away for a off key
day

Demand collect, cash up front and direct

Pay money pay respect don't insult my intellect

Demand collect, cash up front and direct

Pay money pay respect don't insult my intellect

[Verse - 3]

When I look at my life I can't help but think

Cause I could of resulted to drugs and drink

Everyday was the same as the day before

But we where never quite sure of what's in store

Every day I wake up I can't help but feel

I'm certain of life I mean this is real

Mad thoughts skip around my head like dance themes

I know it's long to question but I need answers

The who's, the what's, the how's, the when's, the why's

You can at look in my face and see the pain in my eyes

Tears ready to fall like the rain in the skies

So hold back put my feet down and rise

Cause guys wanna test my words

So I can't just cater for second or third

Plus I know predators only go for the weak

And that's long so I gotta stay strong, you get me

[Chorus]

But it's a brand new day, new opportunities what can I
say

I plan to make my pay but put some away for a off key
day

But it's a brand new day, new opportunities what can I
say

I plan to make my pay but put some away for a off key
day

Demand collect, cash up front and direct

Pay money pay respect don't insult my intellect

Demand collect, cash up front and direct

Pay money pay respect don't insult my intellect
