Come on, boys and girls, come a little closer  
I'm the Re-Animator!  
Come on! Re-animate your feet!

If you're feeling dead, I'll be your Re-Animator  
I've got the way to bring you to life  
A superior existence with no one to control you  
Where you can always do what you like

Let me give you some green color and you will ask for  
more  
You will see that you never felt this way before  
Party without limits, have sex and don't be blue  
Freedom is eternal for you, you, you!

Move your dead bones, bones, bones  
Move your dead bones, bones, bones  
The secret will keep you alive!

Move your dead bones, bones, bones  
Move your dead bones, bones, bones  
You'll dance for the rest of your life!

Move your dead bones, bones, bones  
Move your dead bones, bones, bones  
The secret will keep you alive!

Move your dead bones, bones, bones  
Move your dead bones, bones, bones  
You'll dance for the rest of your life!

Re-animate your feet!

All you people listen to your Re-Animator  
Don't hesitate and give it a try  
And you'll be quite satisfied  
Just as long as I can give you a guarantee that you'll  
never die

Let me give you some green color and you will ask for  
more

You will see that you never felt this way before  
Party without limits, have sex and don't be blue  
Freedom is eternal for you, you, you!

Move your dead bones, bones, bones  
Move your dead bones, bones, bones  
The secret will keep you alive!

Move your dead bones, bones, bones  
Move your dead bones, bones, bones  
You'll dance for the rest of your life!

Move your dead bones, bones, bones  
Move your dead bones, bones, bones  
The secret will keep you alive!

Move your dead bones, bones, bones  
Move your dead bones, bones, bones  
You'll dance for the rest of your life!

Re-animate your feet!

Re-animate your feet!

Move your dead bones, bones, bones  
Move your dead bones, bones, bones  
The secret will keep you alive!

Move your dead bones, bones, bones  
Move your dead bones, bones, bones  
You'll dance for the rest of your life!

Re-animate your feet!
