It's time for the revolution
(Repeated)

Reeeeevolution
Reeeeevolution
Reeeeevolution
Reeeeevolution

Lingering on the time we spent
I keep on thinking about the past
It's like I'm living in a trance
I feel slowly drifting away
And maybe give it another chance
To find out what we feel inside
The memories that we thought would last
We finally left them all behind

As the sun goes down
And the day comes round
Tell me why do all these feelings stay in me
As the sun goes down
And the day comes round
I'll think about the good times when the sun goes down
