God drives in a limousine
Snow white in a pair of jeans, don't wake me up from
this dream
Bright lights what you see in me, hold tight we're about
to leave
Didn't you know it's easy come easy go

Disconnect the batteries, pull the sockets from the wall
Flip the kill switch cause this is the end of the show
Disconnect the batteries, pull the sockets from the wall
Flip the kill switch cause this is the end of the show
It's time to go home

I know what you're going through, it hurts me just to
think of you
Don't fight who you are anymore
You pray now absolution
I can't stand, stand to lose you
The greater the power the harder to control

Disconnect the batteries, pull the sockets from the wall
Flip the kill switch cause this is the end of the show
I said
Disconnect the batteries, pull the sockets from the wall
Flip the kill switch cause this is the end of the show
It's time to go home
It's time to go home
It's time to go home
Time to go home

You gave me everything
Everything I have
You made me everything
Everything I am
You gave me everything
Everything I have
You made me everything
Everything I am
I'm yours
I'm yours
Lock stock and barrel

I'm yours
I'm yours

Disconnect the batteries, pull the sockets from the wall
Flip the kill switch cause this is the end of the show
I said
Disconnect the batteries, pull the sockets from the wall
Flip the kill switch cause this is the end of the show
It's time to go home
It's time to go home
It's time to go home
It's time to go home
This is the end of the show
This is the end of the show
It's time to go home
