I can't get it out of me
It's breathing inside of me
It's reaching inside of you
You're feeling infected
You're being infected
It's just like a cold
A kiss on your lips
Now you're taking control

I feel like a criminal
I'm falling apart
We're leaving for Venus
In a getaway car
Cause no one can save us
There's no need to try
I'm looking for saviors
Before they all die

If you wanna try and save me
Then take my heart don't hate me
If you feel you can let go, let go!
[x2]

I feel like a criminal
I'm fallin' apart
We're leaving for Venus
In a getaway car
You say that you haunt me
But you don't really know
You're clinging to fingers
But you gotta let go...

If you wanna try and save me
Then take my heart don't hate me
If you feel you can let go, let go!
[x2]
