Those bright city lights  
In your child like eyes  
You're running away  
You're running away  
From your sorry days

You feel alive  
As you walk inside  
You know this place  
Is where you fall from grace  
You do it anyway

You don't know how to stop  
And you never get enough  
But Heaven's gonna hate you  
If don't come home tonight

Cause when you get high  
When you get high  
You love the world like a beautiful girl  
Oh oh

But when you get high  
When you get high  
All that remains is a pocket of change  
No oh

You wake up late  
You face the pain  
Did you say what you said?  
Did you do what you did?  
Another sorry day

You spoke you mind  
And there's no rewind  
You sat on your throne  
You couldn't leave it alone  
Another sorry day

Cause when you get high  
When you get high

You love the world like a beautiful girl  
Oh oh

But when you get high  
When you get high  
All that remains is a pocket of change  
No oh

You said you'd change your ways  
And you swore upon the graves  
There's nothing to defend  
And you're sick of sorry ends  
She's the one who's holding all your broken pieces  
She's the only one who wants you coming home tonight

Cause when you get high  
When you get high  
You love the world like a beautiful girl  
Oh oh

And when you get high  
When you get high  
All that remains is a pocket of change  
No oh

All that remains is a pocket of change  
All that remains is a pocket of change  
All that remains is a pocket of change  
No oh
