I miss you when you're gone
A heart without a home
Just tell me it will be okay
I need yah
Can't get enough of your face

I miss the way you called
When you put me on hold
I keep the words you throw away
I want yah
But what you want from me is a chase

And then I tripped and fell in love, love, love
I will never ever be the same
Soon as we kissed
And girl, you're bad for my health
I need help
D-d-d-d-doctor

9-1-1
What's the problem?
She's breaking my heart for fun
So what'cha gonna do?
I need a cure
Oh yeah?
A love eraser
Cause nothing I'm doing is workin'

9-1-1
What's the problem?
She loved me like a hit and run
So what'cha gonna do?
I'm gunna run
Oh yeah?
I'm gunna fly away
So tell me operator how do I operate her?

I see you in my dreams
A picture perfect theme
Exposure never comes out right
I took my time, got the focus right, tonight

And then I tripped and fell in love, love, love
Oh, I never should've played this game
Soon as we kissed
And girl, you're bad for my health
I need help

I can feel, I can feel I got no control
It's just push and pull
When will I learn that everything about that girl is bad?
Tell me operator how do I operate her?
