After tonight I'm gonna show you how to make love  
After tonight I'll be the only one you're thinking of  
After tonight I bet you'll never be the same, love  
After me loving you, after you loving me  
After tonight, tonight, tonight

I can satisfy your every single need, love  
Do everything your heart and mind's been thinking of  
Listen to every single word you have to say  
I wanna know about you in every way

Baby, my mission tonight is to satisfy you  
And, baby, we gon' take this love and make it do what  
it do

'Cause after tonight I'm gonna show you how to make  
love  
After tonight I'll be the only one you're thinking of  
After tonight I bet you'll never be the same, love  
After me loving you, after you loving me  
After tonight, after tonight

My one and only desire is to please you  
Fall on my knees and beg if I have to, baby  
Give me a chance, I bet I'll make you smile  
I'll make it last, baby, for a long while

Baby, my mission tonight is to satisfy you  
And, baby, we gon' take this love and make it do what  
it do

After tonight I'm gonna show you how to make love  
After tonight I'll be the only one you're thinking of  
After tonight I bet you'll never be the same, love  
'Cause after me loving you, after you loving me  
After tonight, after tonight

I'm gonna break it down, break it down  
Down, down, down  
I'm gonna break it down, break it down  
Down, break it down

Let me break it down, break it down  
Down, down, down  
Let me break it down, break it down  
Down, break it down

Baby, my mission tonight is to satisfy you  
And, baby, we gon? take this love and make it do what  
it do

?Cause after tonight I?m gonna show you how to make  
love  
After tonight I?ll be the only one you?re thinking of  
After tonight I bet you?ll never be the same, love  
After me loving you, after you loving me  
After, after, after tonight

After tonight I?m gonna show you how to make love  
After tonight I?ll be the only one you?re thinking of  
After tonight I bet you?ll never be the same, love  
After me loving you, after you loving me  
After tonight, tonight, tonight, tonight, tonight
