Come to me, come to me, hey yeah

So long I've searched, so hard to find
The one that could be all the time
And there you were, the love for me
Finally someone that would make me feel

Ooh, joy is the one thing
I had not found
But sweet as the morning dew your
Your love rained down

More precious than an angel you're
You're heavenly
Happiness is all I've known
Since you said these words to me

I got everything you need
(Love is right here)
And I'm a lover from A to Z
(Waiting right here, baby)

And she said come to me
Oh my baby, come to me
(Come to me)

Giving you all I have
(Love is right here)
'Cause I want this love to last
(Rock that love for me)
Oh my baby, oh my darling baby
Come to me, come to me, come to me

I woke up to find that you're next to me
So good to know you're, you're there, baby
I feel your touch ooh and your embrace
Time is now, oh baby, I can't breathe, my love

Now that we, more and more
I'm starting to realize
My heaven is right there in your eyes
In your eyes, those pretty eyes

Oh my, my, precious little angel
Your warmth is so, so heavenly
Happiness is all I've known
Since you made sweet love to me

I got everything you need
(Love is right here)
And I'm a lover from A to Z
(Waiting right here, baby)

And she said come to me
Oh my baby, come to me
(Come to me)

I'm giving you all I have
(Love is right here)
I want this love to last
(I have that love for you, baby)

Oh my sweet baby, please come to me
(Baby, come to me)

Come to me, late at night when it's, it's calm and all
Feel like you're so all alone, all alone, all alone
Baby, I'll be there, don't you, oh, you don't have to
worry baby
Feel the love you needed, all the time come to me

I've got everything you need
I'm a lover from A to Z
(Oh, oh my, oh my, oh my)

She said come to me
(She said come to me)
Baby, come to me
(Oh my baby, oh my darling, come to me)

I'm giving you all I have
(I'm giving you all I have)
'Cause I want this love to last
(I want this love to last)

Baby, come to me
(So baby, please come to me)
Come to me
(Oh, baby)

I got everything you need
(I got everything you need)
I'm a lover from A to Z

(I'm a lover from A to Z)

She said come to me

(Come to me with a [Incomprehensible])

Baby, come to me

I'm giving you all I have
