I wish I could be like a statue when you're over here  
Stone silent, I'd wait to hear your secrets and  
understand  
Why your words cut so deep, only you can, ohh, talk to  
me

Don't you talk to me like that  
Don't you talk to me like that  
Don't you talk to me like that

So clearly I say that I have no strategic reason  
This soldier retreats perhaps to fight another day  
Swords broken, blows taken, uprise me for seeking,  
yeah

Don't you talk to me like that  
Don't you talk to me like that  
Don't you talk to me like that  
Don't you talk to me

I yield to you emotionally, yes baby  
Raise my shield to you, it's your victory  
Swords broken, words taken, I'm shattered, so think  
again  
Your words are your weapons, I'm rendered  
defenseless, yeah

Don't you talk to me like that  
Don't you talk to me like that  
Don't you talk to me like that  
Don'tcha, don'tcha, don'tcha, don'tcha

Don't you talk to me like that  
Don't you talk to me like that  
Don't you talk to me like that
