Hmmmm
If I could, If I could
A cold and lonely October
First time I saw your smile
This time I've always remembered
Constantly on my mind
And if ever we should ever meet again
I promise all my love to you

If I could I catch a falling star for you
I make a wish and even if skies were blue
For you to love me
Cause I love you til the end of time

Ooo ooo ooooo yea ohhh
Now it's the third of December
And love's still on mind
And I'm thinking if I could only see your face again
I would I would be alright
And I always be the one you need
And I will always love you

If I could I catch a falling star for you
I make a wish and even if skies were blue
For you to love me
Cause I love you til the end of time

Ooooo oh ohhhhh ohhhh ohhhh
If I could I would

I need you in my arms tonight
If only in my dreams
I'd rather hold my pillow tight
Than with someone else
Cause nobody make me feel
The way you do so good inside
Even if it's in mind

If I could I'd catch a falling star for for you
I'd make a wish for you even if skies were blue
For you to love me

If I could if I could

Oh ohhhhh

I'd catch a falling star for my baby

Make a wish and make it come true

For you to love me

cause I love you til the end of time yeah

If I could If I could I could if I could

Even if skies were blue

For you to love me too

Aye If I could if I could

If I could
