Come on

First time that I saw your face
All I said was, ?Oh my, oh my, oh my, oh?
Imagine us in our embrace as I kiss on
Your lips, your neck, your hips, your back

Who would, would satisfy you?
Who would, would satisfy, would satisfy you?
Who would, would satisfy you?
Who would, would satisfy, would satisfy you?

Let me take these many hands
And rub your body over, over, over again
Make love to you throughout the night
Do all the things that you want, you need, just as I'll be

Who would, would satisfy you?
Who would, would satisfy, would satisfy you?
Who would, would satisfy you?
Who would, would satisfy, would satisfy you?

Take my time to satisfy
And love you all night long, long
I'll caress you that's what I do
No rush, never too much when it comes to loving you

Who would, would satisfy you?
Who would, would satisfy, would satisfy you?
Who would, would satisfy you?
Who would, would satisfy, would satisfy you?

Who would, would satisfy you?
Who would, would satisfy, would satisfy you?
Who would, would satisfy you?
Who would, would satisfy, would satisfy you?

Who would satisfy you?
I wanna do you, baby
Would satisfy, would satisfy you?
Who would satisfy you baby?

Who would, would satisfy you?
Who would, would satisfy, would satisfy you?
Who would, would satisfy you?
Who would, would satisfy, would satisfy you?
