Is it true what I heard about you that you never really
(Been in love?)
Kind of hard to believe a girl like you has never found
(Special love)

What can I say? What can I do just to get closer?
(Closer to you)
If you could feel what I feel about you
Then you know that love
Baby, that love can be something special

(Love can be something special)
Baby, I'd like to try to be the one in your life
And show you that
(Love can be something special)
If you don't mind, baby, can I get closer to you?
This is all about you, baby

There's no way you could know
I've been touching you from a distance
(Touching you)
There's no way you could know
When you hide behind your defenses

You close you heart
And your mind just seems to follow
I'm not your yesterday, baby
I'm your tomorrow
Baby, love can be something special

(Love can be something special)
I like to try to be the one in your life
And show you that
(Love can be something special)
If you don't mind, baby, can I get closer to you? To you,
yeah
(Love is so special)

Here I stand, strong but humble man
What else do you need?
Just focus your heart on me
There's no way I'll ever let you fall

'Cause I'm here for you, yes, I'm here for you
And you alone

Alone, alone, just you, baby
Something for you, baby, yeah, you, yeah
(Love can be something special)
Yeah, yeah, baby
(I like to try)
Something, something special for you and me, my
baby
(Love can be something special, if you don't mind)
Honey, if you don't mind, sugar
Can I get just a little closer?
Come a little closer to you, baby

(Love can be something special)
Can be so special, special, special, baby
(Love can be something special)
Alright now, yeah, yeah
(Baby tonight)
Close to you, love is so, so special
