I'm not a perfect man.
But I.
I do the best I can to make u feel satisfied.
I can't think of nothing else.
I just can't help myself
I wish that you were right by my side.

I called you on the phone
Even stopped by your home.
I gotta see u so bad.
You're always on my mind and I
I feel you deep inside. Baby you're the best thing that I
ever had.

And have I told you
That you mean the world to me
and it's all about you
Let me show you together what we can be and it's all
about you and me.

It's all about you baby, (about you baby)

I like the things you do the sexy way you move
You know the things that I like yes you do
For me there's only you
For you my love is true. I'm never ever leave you girl
and that's no lie.

And have I told you
That you mean the world to me and its all about you
Let me show you together what we can be and it's all
about you and me.

Have I told (have I told you) that you were my world and
baby I love you

Let me show you (yes I do)
Baby let me show you
Every minute of everyday
I'm gonna be with you for always

Have I told you that you mean the world to me (you

mean the world to me)
And its all about you (Its all about my baby have I told
you)

Let me show you
together what we can be and its all about you

Have I told you (do you hear me baby)
That you mean the world to me (I'll give you the world)

And it's all about you (all about you baby)
Let me show you (let me show that) together what we
can (I'll show together what we can be)

And It's all about you (it's all about my baby)
Have I told you (have I told you)
That you mean the world to me (you are my all and all
and all and all)
And it's all about you (all about you)
Let me show you (it's all about you) together what we
(it's all about you) can be

And it's all about you and me (It's all about you and me
baby)
All about you baby (about you baby)

Ou-Ou-Ou

It's all about you (It's all about you baby How I love you
honey And I love you Yes I do)

It's all about you (It's all about you baby How I love you
honey And I love you. Yes I do)

It's all about you (It's all about you baby)
