When Sunny gets blue  
Her eyes get gray and cloudy, yea  
And the rain begins to fall, pitter patter, pitter patter  
Love is gone, so what can matter  
No sweet lover man comes to call

When Sunny gets blue  
She breathes a sigh of sadness  
Like the wind that stirs the trees  
Wind that starts the leaves to swaying  
Like some violins are playing  
Weird and haunting melodies

People used to love to hear her laugh, see her smile  
That's how she got her name  
Since that sad affair, she's lost her smile, changed her  
style  
Somehow she's not the same but

Memories will fade  
And pretty dreams will rise up  
Where her other dreams fell through  
Hurry new love, hurry near  
To kiss away each lonely tear and hold her near  
When Sunny gets blue

Oh people used to love to hear her laugh, see her smile  
That's how she got her name  
Since that sad affair, she has lost her smile and  
changed her style  
Somehow she's not the same but

When Sunny gets blue  
She breathes a sigh of sadness  
Like the wind that stirs up the trees  
Hurry new love, hurry near  
To kiss away each lonely tear and hold her near  
When Sunny gets blue  
When my Sunny gets blue
