Welcome to my, to my, to my groove, yeah
Welcome, welcome, welcome
Welcome to this, to this, to this groove
Welcome to my groove

Listen, just wanna do when the music starts moving
you
When the groove from this groove starts grooving you
Something slick, something sweet, something smooth
Hey, everybody, you're checking my groove

What you gonna do when the music starts moving you?
When the groove from this groove starts grooving you
Something slick, something sweet, something smooth
Hey, everybody, you're checking out Will's groove

Groove, groove to you, to you
To this groove
To my groove, yeah
Welcome to Will's groove

Welcome, welcome to this groove
Welcome to Will's groove, yeah
Welcome to Will's groove
To this groove
