You're not thirsty

Walking in the desert all alone

You're not searching

Lost in isolation from your soul

When the bullets you bite

From the pain you request

You're finding them harder to digest

When the answers you seek

Are the ones you destroy

Your anger's well de ployed

Why can't you listen

Why can't you hear

Why can't you listen

As love screams everywhere

You now hunger

Feeding your mind with selfishness

You now wander

Aimlessly around your consciousness

When your prophecies fail

When your thoughts become weak

Silence creates necessity

When you're clothing yourself
With the shields of despair
Your courage now impaired
Why can't you listen
Why can't you hear
Why can't you listen
As love screams everywhere
You crucify all honesty
No signs you see do you believe
And all your words just twist and turn
Reviving just to crash and burn
Fighting till the bitter end
If only your heart could open
Up and listen
Why can't you listen
Why can't you hear
Why can't you listen
As love screams everywhere
Why can't you listen
Why can't you hear
Why can't you listen
As love screams everywhere
