The sky now divides  
To bring you back into the fold  
Welcome home  
Still my need to recognize  
Any comfort you may show  
Only grows  
Guess I'll learn to accommodate  
While my heart just sits and waits  
Maybe God you found  
Maybe is all that you can offer now  
Where am I to take refuge  
When the storms of pain release  
Shelter me  
This blessedness of life  
Sometimes brings me to my knees  
I call on thee  
I have not the words to write  
A Farewell to you tonight  
Maybe God you found  
Maybe is all that you can offer now  
I know hearts are weeping

While your voice is now singing

On high, angel on high
