All around me I see what weakness has made

Too much tomorrow I think I'll take all today

Am I a poison, Am I a thorn in the side

Am I picture perfect subject tonight

I don't need nobody

I don't need the weight of words

To crash on thru

I don't need nobody

I just need to learn the depth

Or doubt of faith to fall into

Here I slumber to awaken my daze

I find convenience in this savior I save

Am I a prison, Am I a source of dire news

Am I a picture perfect reason for you

I don't need nobody

I don't need the weight of words

To crash on thru

I don't need nobody

I just need to learn the depth or doubt

Of faith to fall into

In this time of substitute

It's my needs I've answered to (All the while)

And the hope that I invest

Still turns to signals of distress (All the while
