She's a picture perfect child

Of innocence.

Searching out in childlike ways

For knowledge.

Now she's questioning her mother

Yeah she's questioning her father

Yeah she's looking for the answers

To the problem that confronts her.

Do you know where the sun goes

When the water falls?

Do you know where the rain goes

When the water falls?

Though I think her subjects could

Run far and wide.

She has centered on the topic

Of the sky.

Now she's questioning her mother

Yeah she's questioning her father

Yeah she's looking for the answers

To the problem that confronts her
