I hear...
Here your voice shaking
On the end of the line
Hold on
Baby I'll be there
In a sweet little while

Blue skies...
Blue skies calling
Telling me to move on...
Around here
Everyones fadin
Already... gone

CHORUS:
This town is broke down baby
Full of dust from rusted dreams
I gotta get
Before it gets me
I need to hear that blacktop sing
Underneath my highway wings
My highway wings

I hear to
Too many stories
About what could have been...
Everbody here would be different
If they could do it again
I'm not
I'm not gonna stay here
There's no way to win...
In a town
Of dead end losers
I don't want to fit in...

Chorus

Bridge:
I need to know...
I need to feel...
What it would be like far away from here

The time has come
To say goodbye
It's time for me to fly...

2X Chorus

I got my highway wings...
