Funny, funny, funny  
Funny how the time slides away so easily  
When you aren't in the heart of the one you love  
I never had a chance to be just what I want  
Just once, I say, I want to be free

Funny how it feels when you don't have nobody  
And you know, you, you are alone in this world of  
sorrow

I never had a chance to be just what I want  
Just once, I say, I want to be free

Funny how it feels when you don't have nobody  
And you know, you, you are alone in this world of  
sorrow  
Funny, funny, funny
