Stop smiling, we still done nothing but move but the money
Stop smiling, we still done nothing but move but the money
Stop smiling, we still done nothing but move but the money
Move, move but the money, move move but the money money

Justin Timberlake [Chorus]:

The nature of the world to day
The nature of the world today
The nature of the world to day
The nature of the world today

Stop, Stop Stop Smiling
Cause the way world moves it's not funny
School system condition your child to be a dummy
Ain't no EDUCATION in EDUCATION honey
School teaches only rockin' up a little money
TV raising kids in the new era
And I don't see a profit that prophecies it clearer
Day in of CHRIST came back they'll probably kill him
Crucify him twice just to keep people from hearing
The message that U&I should be hear are un-hearable
What I'm getting to is that this world is some terrible
Added it up to hear cause being blind it terrible
It sounds like I'm going def so now I got hysterical
Cause leaving in a world that's not harmonious is definite
There's no life business but death is a profession
You got mathematicians & coroners, exorcist performers
Be we ain't got nobody there positions to warns us
From the dumb dumb dumb dumb condition
And we gettin' in elementary it's funny how they put us
In a dummy state of mind a dummy state of mind
I ain't smiling cause all they got is money on their mind

Justin Timberlake [Chorus]:

The nature of the world to day
The nature of the world today
The nature of the world to day
The nature of the world today

Start

Stop smiling, we still done nothing but move but the money
Stop smiling, we still done nothing but move but the money
Stop smiling, we still done nothing but move but the money
Move, move but the money, move move but the money money

Money got me dog, money got you
Money got you workin just to pay up your coup
Money got the gas price as high then ever!
The people runnin' money they gotta be cleaver
Because if you ain't got nay money you gotta get some
People want money more than education
And if you want an education then you gotta pay to get it
If money is the new GOD if it ain't who is it

Look!, I'm back with the dollar in GOD we trust
Fuck that, \$\$\$ ain't GOD & \$\$\$ ain't us
People wil save a dime, people will safe a dollar
But hesitate to save a life if they hear a ?HOLLLA?
So holla holla holla if I'm hitting you with PURITY
Homeland security is insecurity
Secure the homeland with proper education
Expand the mind of the youth and built up the nation
They compete in a whole new world of technology
And we been brain wash and trick psychologically
That we just consumers so go and get your money
And by a diamond ring for you honey
BUT FUCK THAT
I realize that I'm shining like the SUN
Got enlighten and enlighten everyone everyone
I realize that I'm shining like the SUN
Get enlighten in and learn a little som' about the NATURE!

Justin Timberlake [Chorus]:

The nature of the world to day
The nature of the world today
The nature of the world to day

The nature of the world today
