Here it comes another lonely night, I'm waking up in my clothes

I know this place is poison but I'm coming back for a lethal dose

I got fist full of chances and a washed up angel to fill me up with bad advice

Sex and God and lust and I just hope that maybe I can get this right

'Cause I want and I need

Do you really want to see me bleed?

'Cause I can't get nothin' from your secondhand heart

I get nothing from your secondhand heart

Filling pages with the same old secrets I still want just you

Blackbird on a lonely wire, do you ever think about me too

I want something that I can hold onto, I don't care if it's wrong or right

But sex and God and lust and I just hope that maybe I can get this right

'Cause I want and I need

Do you really want to see me bleed?

'Cause I can't get nothin' from your secondhand heart

I get nothing from your secondhand heart

I end up every time just playing your twisted games

I light myself on fire and you just watch as I go up in flames

Sex and God and lust and I just hope that maybe I can get this right

'Cause I want and I need

Do you really want to see me bleed?

'Cause I can't get nothin' from your secondhand

I want and I need

Do you really want to see me bleed?

'Cause I can't get nothin' from your secondhand heart

I get nothing from your secondhand heart
I get nothing from your secondhand heart
I get nothing from your secondhand heart
And I get nothing from your secondhand heart
