I know i'm not a bad guy when i try to do what's right

everyone who comes to me don't see my plight.

Everything i've ever done all the plans i've

had in sight always missed and gone wrong

in a way until i gave up and

said alright let me alone cuz no one

wants to be hanging around with

someone messin up like me i guess my way

isnt good enough when i try i

just keep on wrecking stuff

it seems everybody knows but me

how to go what to do and where to be

everywhere i go they all talk the same

they don't even have to try they make me feel

so lame friends and jobs have come and

gone no matter what i do it goes on

and on i wonder if you sometimes feel

this way and do you lay awake at the end

of the day when i lose everytime

i win cuz no one will ever be messin up

stuff doing things wrong quite

like me no one will ever be like me
