I love your eyes so much i wanna poke em out  
i love your legs so much i wanna break em off  
i love your hair so much i wanna rip it out  
you played a game with the wrong motherfucker  
violent love my violent love  
love ya so much i wanna kill ya  
i love your face so much i wanna smack it off  
i love your pants so much i wanna pull em down  
got nothin but love today whip it out and fire  
away can you feel the pain in my heart?  
look at me again and i'll hit ya  
hate ya so much i wanna kill ya  
love you so much i wanna love ya  
touch me again and i'll kick ya you're my  
precious little girl you mean more to me than the world
