It's hot It's a four-alarm fricasee boy this heat is  
killing me it's hot it's hot tonight It's duelling  
dicks in a deep-fry It's hot standing next to these  
other guys it's hot It's sweaty snapper in a stir-fry  
A blazing sun under a red sky It's hot It's hot It's  
sexy and it's wet and the show ain't even over yet  
How much better can get tonight It's so hot i can't  
even think I need some air I need a drink Sweaty  
bodies everywhere down to their underwear tonight!  
My balls are sticking to my leg Pass the 40;  
sippin' dregs Raise the roof let's set it off  
Cuz we just can get enough tonight
