Monday morning i woke up late. I feel like shit and  
i can't see straight One last drink was a bad idea i'm  
on the bowl with diarrhea Out the door in a fog barked  
at by the neighbors dog forgot my keys i went back  
inside I got a flat so i can't ride The phone rings AW  
JEEZ  
now what? i am an idiot so i pick it up (hello?) Now i'm  
held up on my line My cretin landlord he's wasting my  
time  
he wants his money or we go to trial HE'S GOT PENIS  
ENVY DENIAL Another weekend i didn't get laid it's a  
monday morning ant brigade Another weekend i didn't  
get paid it's a monday morning ant brigade Fuck it all  
no regrets i'm staying in and you can bet it sucks  
outside in the pouring rain I'll smoke some pot and  
fry my brain Thom cut the record down to the bone I'm  
the sureshot rocking the microphone Another weekend  
i  
didn't get laid it's a monday morning ant brigade I've  
got  
the monday mornings
