We were the ones who weren't afraid  
We were the broken hearted  
We were the scars that wouldn't fade away  
How did we let go  
how did we forget that we don't have to hide  
We won't believe the lies again  
We won't be paralyzed

We can be who we are  
Now we are alive  
We can fight they cannot contain us  
It's who we are  
We are undying  
We are forever

We won't hide our faces from the light  
Eliminate the space between us  
It's who we are  
We are forever  
It's who we are

We were the tears that passion cried  
We were the sacrifice  
We were the flame that wouldn't die inside  
How did we go wrong  
We will not forget  
We will not be left behind  
We won't give up the fight again  
We won't be denied

We can be who we are  
Now we are alive  
We can fight they cannot contain us  
It's who we are  
We are undying  
We are forever

We won't hide our faces from the light  
Eliminate the space between us  
It's who we are  
We are forever

It's who we are

We will never die  
We will never die  
We will not deny  
Now we are alive

We can be who we are  
Now we are alive  
We can fight they cannot contain us  
It's who we are  
We are undying  
We are forever

We won't hide our faces from the light  
Eliminate the space between us  
It's who we are  
We are forever  
It's who we are
