You perhaps heard rumors I'm sure
Obscene disguise despite his new look
I'm meeting him at London's Dorchester Hotel tonight
If you wanna take advantage of him then you know
where to go
As long as you bring your bible you're secure

A promise of love brings back the old gun
Undress, decide, make up for lost time
I'm meeting him at London's Dorchester Hotel tonight
If you wanna take advantage of him then you know
where to go
As long as you bring your bible you're secure

[Chorus]
And we pray
Bless our hearts
Returning to abnormal life

You fall down on to your knees
Stranger, stranger, captive violence, it's almost done
Attached but you're feeling alone
The addiction will never be gone

Lost and down so fragile inside
Today's the last but not the right one
i'm looking at a picture of someone he had become
If you wanna take advantage of him then you know
where to go
As long as you bring your bible you're secure

[Chorus]

You fall down on to your knees
Stranger, stranger, captive violence, it's almost done
You fall down on to your knees
Stranger, stranger, captive violence, it's almost done
You fall down on to your knees
Stranger, stranger, captive violence, it's almost done
Stranger, Stranger
I'm meeting him at London's Dorchester Hotel
