"Hit Me!"

Wake me up
I'm about to give it up
Hey, hurry up
Lately it's been hard enough
Try to shut me up
When you now you should wish me luck
And you could beat me up
I'm heading for the top

Hit me hard!
Hit me right between the eyes
Wanna see the stars
Hit me, hit me!
(x2)

Want a nice surprise
A dress that's black and tight
Wanna see the lights
It takes me through the night
You beat me black and blue
But I can see through you
You know it's up to you
And I can't believe it's true.

Hit me hard!
Hit me right between the eyes
Wanna see the stars
Hit me, hit me!
(x2)

Hit me!
Hit me hard!
(x2)

Hit me hard!
Hit me right between the eyes
Wanna see the stars
Hit me, hit me harder!
