You can call me a slut
You can call me a liar
I got so many names now
I can't even deny it
You can call a thief and put up a fight
bury me six feet under the ground

But if you think I look mad today
You should have seen me yesterday

You can call me a beauty
You can call me a beast
But it's nobody's business what I do or please

So this song is from me to you
you make me mad and you make me blue
Cause when you're looking like I do
you know I can see you
We dance to the same groove
but I got the right move

Hope you're happy now
But I'm not giving in
I hope you're satisfied
With your bullshit and your lies
Hope you're happy now
But I'm not giving up
I hope you're satisfied
Can't bury me alive

They call me a slut
Then call me a liar
Got so many names now
I can't even deny it
They call me a thief
They put up a fight
Try bury me six feet under the ground

So this song is from me to you
You make me mad and you make me blue
You're looking like I do

You know I can see you
We dance to the same groove
But I got the right move

Hope you're happy now
But I'm not giving in
I hope you're satisfied
With your bullshit and your lies
Hope you're happy now
But I'm not giving up
I hope you're satisfied
Can't bury me alive

Ha! Ha! Ha, ha!

Hope you're happy now
But I'm not giving in
I hope you're satisfied
With you're bullshit and your lies
Hope you're happy now
But I'm not giving up
I hope you're satisfied
Can't bury me alive

I hope you're satisfied
Fuck you and fuck your lies
