"Don't Cry for Me"

I awoke from a night laid in lace

Well goddamn she's gone

Now my bodys a mess

The voices screaming no

I can't hear a word

And this gun eyes closed

Will put my body to rest

All I see is sadness

I can stand the rain

I fall in to madness

And all of your hate

I've seen enough it's killing me

It's time to go it's time to breathe

I've lost and loved so much

Don't cry for me

It's over say goodbye
