I am programmed inside of you  
Nothing can break me loose  
I am here to stay, an electrical reseau in your blood  
Don't you love all that I've given you  
You're my love

I am programmed, illustrating life on the inside  
I will stay, author of the pain you hold so dear  
Don't you love all that I've given you

There is beauty in silence  
Brought from the pain of the world  
Look at the madness, Jesus has failed you  
There is beauty in sorrow,  
Brought from the salt of the earth  
Just look at the madness, Jesus has failed me too

Walk right through my voiceless room alone, I feel you,  
I feel you(x4)

You are the reason, I've come to set you free  
Jesus has failed you, Jesus has failed me too  
I am the reason, I've come to set you free  
When Jesus has failed you, just like he failed me too

Jesus has failed me.

Jesus has failed me, Jesus failed me too.
