Visit "[Kiss Me Judas](#)" on MotoLyrics.com

I was Judas
You were the kiss
I was Wilde
You are the prison
Yeah, I wrote this suffering
Inside the walls of my despair

You were Isis
I am the myth
Oh Dionysus, you are the prison
Yeah, I wrote this suffering
Inside the walls of my despair

Walk in silence, mam, you're a cruel deceiver (such a
cruel deceiver)
Walk in violence
Will you set me free?

The reason why my heart breaks
falling as she walks away
The reason why my heart breaks
Oh, she would die for me

Burn this place together (HEY, HEY)
How will we find? (HEY, HEY)
I'm just a skeleton of human rage (HEY, HEY)
I'll be fine (HEY, HEY)

You were madness
I am the king
of disorder
And you are the queen
Oh yeah I wrote this suffering
because we're all still suffering

Walk in silence, mam, you're a cruel deceiver (such a
cruel deceiver)
Walk in violence, will you set me free?

The reason why my heart breaks (heart break, heart
break)
falling as she walks away (walks away)

The reason why my heart breaks (heart break, heart break)

Oh she would die for me (she would die for me)

The reason why my heart breaks (Heart break, heart breaks, oh set me free)

falling as she walks away (walks away)

The reason why my heart breaks (Heart break, heart breaks, oh set me free)

Oh she would die for me (she would die for me)

Burn this place together (HEY, HEY)

How will we find? (HEY, HEY)

I'm just a skeleton of human rage (HEY, HEY)

I'll be fine (HEY, HEY)

A heart beats now in time

The rhythm of a wild high

I was Judas

and you were the only kiss

The reason why my heart breaks (Heart break, heart break, oh set me free)

falling as she walks away (walks away)

The reason why my heart breaks (Heart break, heart break, oh set me free)

Oh she would die for me (she would die for me)

Die for me (Heart break, heart break, oh set me free, walks away)

Die for me (Heart break, heart break, oh set me free, she would die for me)

(Heart break, heart break

oh set me free

Heart break, heart break

oh set me free

She would die for me)

The reason why my heart breaks
