Song: Cardigans

Oh, come crush me now
Don't leave
no one has won this war
this time

No, don't sleep tonight
I'm hurt and ready for fire
Don't leave me up
alarmed and ready to die

chorus:
Come on, it's war, come on
come on, come on, come on
come on, it's war, come on
come on, come on, come on

this is war

Stay, I'm almost done
don't retreat
I've loaded my gun
with love, with love
Hear the dust roll over the floor
why must you sleep?
Come crush me now
I'm armed
and ready to die

chorus

it's war
Come crush me now
Come crush me now
