The rocket ship flies  
A glint of gray separating from the green skies  
He harbors all these things and more

With shirt and necktie I danced this step  
First mistimed  
Let's go for a ride  
What's so formal about spring anyways?

Waiting for you to call again  
I'm down on my bent knees  
I'm falling for you  
It's not like me to  
Okay now I'm done for you

The starlight tonight  
The drive-in movie's twilight  
We go for a ride  
What's so formal about spring anyways?

Waiting for you to call again  
I'm down on my bent knees  
I'm falling for you  
It's not like me to  
Okay now I'm done for you

I'm falling for you  
It's not like me to  
Okay now I'm done for you  
It's not like me to  
Falling for you  
Okay now I'm done for you  
Waiting for you to call again  
By my machine I'm waiting

I saw you in the picture light  
I saw you in the film tonight  
I saw you in the kiss goodnight  
A goodnight kiss goodnight

(Waiting for you to call again

By my machine I'm waiting)
