### "Missed You"

Visit "[Missed You](#)" on MotoLyrics.com

You took away my life, away my dreams, away my money.  
You took away my laugh away my things away my car.  
You took away everything that i ever held so dear to me,  
the only think i remember is this song.

Chorus:

I never, missed you bitch!  
You never, listened bitch!  
The ol never, missed you bitch!  
I never, missed you bitch!  
You never, listened bitch!  
The only thing i can do, is move the fuck along.

He gave me back my life back my dreams, back my money.  
He filled my ripped up heart, taught me to laugh and bought me a car.  
He gave me back everything that ever held so dear to me,  
the only thing i remember is this song.

Chorus
