[Speaking]

You know there are too many people trying to take care
of

Others peoples business and they can't even take care
of their own.

What you need to do is take six months to mind your
own business

And six months to leave other folks business alone. All
I'm trying to say is:

[Chorus]

Sweep around your own front door before you try to
sweep around mine

Sweep around your own front door before you try to
sweep around mine

[Verse]

You smile in your neighbors face and talk about them
behind their back

But if you found out they were doing the same thing to
you, you know you

Would like that. Who are we to judge what other people
do, take a look

At yourself and you could find some faults too.

[Chorus]

[Verse]

Your always on the telephone puttin down on someone
else

You need to take a little time, stop, look in the mirror
and

Check your self. We all have sins that come short from
gods

Glory today, So we don't have time to spread her say

[Chorus]

[Verse]

Put love in your heart where there is hate, you need to
clean it up

I wouldn't let it be said I waited to late, clean it up, stop

going around
Talking about your friends, Don't you know that that's a
sin
How can you criticise some one else when you are doin
wrong yourself.
Be careful how you through stones, because it might
break up somebody's
Home

[Chorus]
