[Havoc-]

Yo Russell Simmons

This is your commander in chief of your West Coast
operations

Havoc the Mouthpiece

My orders are to assemble a team

of 6 of the West Coast's dopest rappers

I have chosen Prodigy, Havoc the Rhyme Son, Spice
motherfuckin 1

2Pac, Eiht from Compton's Most Wanted, and Ice-T
so let the gangsta team begin

[Havoc-]

Gnaw on a dick motherfucker cuz i'm a rip a gangsta
skit

and blow your motherfuckin ass into an increment

I rip em vertical diagonal i mean fucked up

show that ass and I'm a physically tear it up

another G with a glock givin a fuck about a cop

I do my talkin with a 12-gauge buckshot

like Spice 1 I'm just a giggity-giggity gangsta

and keepin a motherfuckin slug up in the chamber

+I Don't Give a Fuck+ like 2Pac

I get a fuckin thrill when I see a cop drop

Squeeze yo motherfuckin neck and snatch your head
off your shoulders

Peel ya cap read your brain like the devil boy I told ya

Make a move for your gat and I'ma split your fuckin
back

6 ways with a mack Havoc's in a mood to put a dick in
the dirt

Jeffrey Dahmer gets no love cuz I'm the murder 1
expert

You couldn't deal with the real shit so you got ass
whipped

Fuckin with a lunatic bitch West Coast on a wreck

So motherfuck the mainstream you tuned in to the
gangsta team

[Prodigee-]
