[CHORUS - Carolyn Rodriguez] X1 Is it real, tell me are we real? Are you just sayin' things that I want to hear? Are you really true? Baby is it destiny? Are you the one that god made and he meant for me? Are we real?

[SPM, talking] *Yea, this is a song I wrote for my wife, before she was my wife We've been together 18 years now, that's like half my life And she's still by my side. I love you, baby...*

[VERSE I - SPM] You're love is beautiful, it's undisputable You got me rappin' 'bout it up inside the studio Like crazy, man, 'cause how I feel aint normal And I'm writin' in my journal, I hope it's eternal I'm your favorite fan when you make an appearance The smile on your face lifts up my spirits I wanna' trust you and know that you'll be mine forever You want a lifetime of love, that's what I'ma deliver But, I worry a little; and I'm not sure why But the thought of ever losing you blows my mind And I know that I really shouldn't think that way I guess what I'm trying to say today is baby...

[CHORUS - SPM and Carolyn Rodriguez, X2] Is it real, tell me are we real? Are you just sayin' things that I want to hear? Are you really true, baby is it destiny? Are you the one that god made and he meant for me? [VERSE II - SPM] I don't mean to sound scared or even insecure Usually I don't trip over chicks, but you're Something else, something pure, and amazing boo Mama raised a G, but didn't raise a fool So I don't wanna lose you like I lost so many Not really carin' 'bout a future and it cost me dearly So many years as a playa' in a negative sense And I guess it took this whole big set of events To let me see things differently, I've grown as a man And just wanna walk through life while holdin' your hand Kiss you in the moonlight and touch your face And let you know that you're the one that no one can replace [CHORUS - SPM and Carolyn Rodriguez, X2] Is it real, tell me are we real? Are you just sayin' things that I want to hear? Are you really true, baby is it destiny? Are you the one that god made and he meant for me? [VERSE III - SPM] I've broke many hearts in the days of past And they told me one day one will break yours back And avenge all the girls that you left in tears But my heart was too hard to ingest

those fears So I ran through a bunch, some snack,
some lunch Some was dark, some was yellow like
Captain Crunch And we laughed a bunch, and we
balled at malls And if I could, I'd apologize to all of y'all
Saw the pain in her eyes as she begged me to stay
And, now, I truly understand how she felt that day
'Cause now I feel the same and I want it to work Hopin' I
don't end up like the ones that I've hurt [CHORUS - SPM
and Carolyn Rodriguez, X2] Is it real, tell me are we
real? Are you just sayin things that I want to hear? Are
you really true, baby is it destiny? Are you the one that
god made and he meant for me?
