You Stand up against the wall
Your hit with a ball of shame
You hang your head low and cry
Your sick of this dodging game

Thats the way that we take it
It's ok 'cause we'll make it
Even if we feel incomplete

We are (we are) we are Incomplete
We are (we are) we are Incomplete

The Situation won't pass
The bills are comin' way too fast
Your boss has called you into the office
To let you go
Thats the way that we take it
It's ok 'cause we'll make it
Even if we feel incomplete

We are (we are) we are Incomplete
We are (we are) we are Incomplete

Solo
We are (we are) we are Incomplete
We are (we are) we are Incomplete
