It's all coming back to me
That thing is here again
Could it be that it's destiny
Or pure co-incidence

I close my eyes and wonder why
Do I have to feel this feeling again
And now that I open my eyes
I realize that love is here to stay

Chorus:
And now I share my life with you
Provin that love could be true
Givin you all that you need
A perfect love that's so sweet
I'm sure I'll be loving you the best that I can

Can't believe thid is happenin
I thought the fire has gone
Till you took me in your arms
Refilled my life with warmth

So here I find myself again
Unlockin chains of my heart and lettin in
A feeling that i thought had left
And now I welcome love back with open arms

Chorus:
And now I share my life with you
Provin that love could be true
Givin you all that you need
A perfect love that's so sweet
Swearing I'll be loving you the best that I can

Bridge:
I've felt the pains of love before
Don't wanna feel this anymore
I've locked my heart and tried to live alone

But when you came into my life
You thaught me how to love anew

And I'm gonna risk it all for you

And now I share my life with you
Provin that love could be true
Givin you all that you need
A perfect love that's so sweet
I'm sure that I'll be loving you
The best that I can

And now I share my life with you
Provin that love could be true
Givin you all that you need
A perfect love that's so sweet
I'm sure that I'll be loving you
The best that I can
