#### CHORUS:

Show me what you got

Where you want me to

touch you, taste you, feel you

On a night like this

I just can't miss

The opportunity to

stroke a sexy body

Down on dance floor

But you know I want

some more

More than just flirting

I need some body bumpin'

#### REFRAIN:

Baby girl, I see you comin'

Wearing that sexy smile

Temperatures rising

Send shivers down my spine

My heart keeps on pounding, baby

You'll give me a heart attack

All systems on overload

I know I'm gonna explode

[repeat chorus]

RAP:

Quick draw... we're down on  
the floor

We haven't even started

Why you shouting for more

Can you handle this?

Why you closing the door?

I'll be comin' to you, baby

Like we was on tour

Turn off the lights

I'll put on some rubber...shoes

for runnin' then take off our  
clothes

We can tickle and nibble

You can ride me just like

Evel Knievel

Whoa...wait a minute...check  
that out!

I can see your pussycat is out

We'll forget about that

We better concentrate

I know you gotta get home and it's  
already late

So...

[repeat chorus and refrain]

RAP:

Suppa freak...I got you

on my mind

Been thinkin' about

your sexy body all the time

The thing you did to me

It was off the hook

I guess you already memorized

the Kama

Sutra book

I got my own style, and I

call it 'Doggy'

I know you can't wait 'cause the

bed is soggy

Must be the rain

Don't close your window

It doesn't really matter

just enjoy the show

Sometimes I really rhyme fast

Sometimes I rhyme slow

You gotta wait a minute

Damn grow

Damn grow

The rumble in the jungle

Let's get it on

Put the pedal to the metal

Get the friction on, so...

[repeat chorus and resrain]

[fade]
